Dear Mr. Snow:

Thank you for your recent presentation on CALFED's Draft Programmatic Environmental Impact Statement and Report before the Senate Agriculture and Water Resources and the Assembly Water, Parks and Wildlife committees.

I am writing to formally request that a Public Hearing be scheduled on the Draft EIS/EIR report in Vacaville before the conclusion of the draft comment period. As you mentioned at the hearing, my district would be significantly impacted by plans proposed in this report. I am most interested that all constituencies be informed and have an opportunity to participate in the necessary discussions on the alternatives. My office would be pleased to assist in identifying a suitable location for the hearing.

Thank you for your consideration of my request.

Sincerely,

Helen M. Thomson
